

## **INTERNATIONAL SOFTWARE DEVELOPER**

---

With more than 180,000 people in over 40 countries, Capgemini is a global leader in consulting, technology and outsourcing services. Together with its clients, Capgemini creates and delivers business, technology and digital solutions that fit their needs, enabling them to achieve innovation and competitiveness. We offer an array of integrated services that combine top-of-the-range technology with deep sector expertise and a strong command of our four key businesses.

Due to its growth and internationalization plan, our Nearshore Center in Murcia (Spain) is seeking new talent for its main developing technological business lines. People with programming skills and experience as well as an advanced level of French/English + Spanish.

We look for very dynamic and passionate people, who love this industry, to join one of the most challenging and innovative projects we are currently carrying out.

If you have knowledge/experience programming in Java / .Net, C# / SAP / database programs..., are able to speak both French + Spanish or English + Spanish, and want to take part of an amazing team in constant development, then we want to know you!

We offer a stable contract in an outstanding working environment, along with interesting conditions and a career plan within a center in constant development.

If you want to learn more, do not hesitate to apply!
